ELEMENTS
Elements is a porcelain tile that comes in a variety colors that can be used for kitchens, baths, or any indoor or outdoor living space.

**DESCRIPTION**

Elements may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architectural Ceramics sales representative will advise you on general installation questions. Relief must be installed with a 1/8” grout joint because there is variation on the pattern between each tile. Using a smaller grout joint than 1/8” will exaggerate the visual variation.

**TECHNICAL INFORMATION**

**ORIGIN:** CHINA  
**AVAILABLE FINISHES:** MATTE, POLISHED & ROCKFACE/BRUSHED/MATTE MIX  
**TYPE:** DOUBLE LOADED PORCELAIN  
**EDGE:** RECTIFIED
